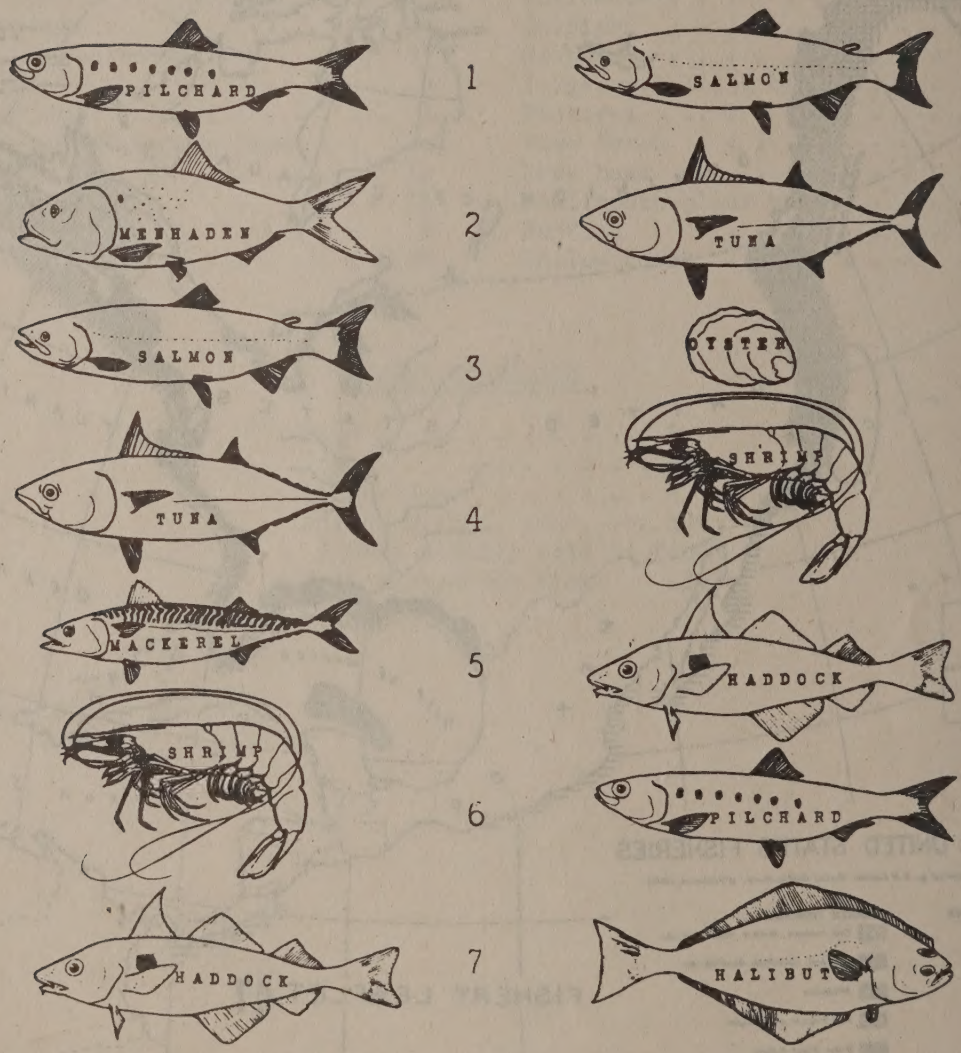
U. S. FISHERIES, 1940



The above appeared originally as the cover page of Fishery Market News, vol. 5, no. 12, December 1943, illustrating an article in that number, entitled "The Relative Productivity and Value of the Fisheries of the United States and Alaska", by Arthur M. Sandberg. Another article on a similar subject, entitled "The Fisheries of the World", by Mr. Sandberg, appeared in the Fishery Market News, vol. 6, no. 7, July 1944. These articles were later published as Fishery Leaflet Nos. 108 and 109, respectively, and may be obtained from the Fish and Wildlife Service, Merchandise Mart, Chicago 54, Ill.
